

Child Support Referral Policy

This Child Support Referral Policy is standard notice to single parents about their potential eligibility for child support services from the state child support agency.

If you are a CAAGKC customer who receives assistance through the Community Service Block Grant (CSBG) you are eligible for child support referral services if you are; a) the custodial parent in a single-parent home (whether you are a mother, father or grandparent) of a child who is under the age of 18, and b) not receiving child support as a source of income.

The child support program does more than collect support for families. You may receive the following services from the state's child support enforcement agency, which often include:

- Locating a parent
- Arranging for paternity testing
- Establishing a support order
- Enforcing a support order

You may obtain a child support application at <https://dss.mo.gov/child-support/apply-for-child-support-services.htm> or by mail at:

Missouri Department of Social Services

For more information about child support you can visit US Department of Health & Human Services at <https://www.acf.hhs.gov/css>

CAAGKC does not act in a manner to be interpreted as giving legal advice but assure that custodial parents in single-parent families are referred to the Missouri Department of Social Services.
