Our programs and services impact communities by providing *Pathways out of Poverty*. No two paths are alike and our teams through proficiency and departmental collaboration help develop and guide individuals to finding the right path. Earning power through education & training for adults and high school students enrolled in **P.A.V.E.** is achievable, but that alone won't stabilize individuals and families living in poverty. Our **Supportive Services** meet housing and nutritional needs while our **Healthy Homes** and **Weatherization** services provide a safe and comfortable environment to not only live, but thrive.

JOIN OUR MISSION

We can use a helping hand. Your gift of goods and services or monetary donation is always welcome. We are a 501(c)3 nonprofit organization. Volunteers are needed throughout the year for various projects. Please visit our website for a list of donors and partnerships.

I am gratified when I think about how we rose to the occasion in the midst of COVID-19 challenges, and how we served insufficiencies in communities. It feels great to be back on track and achieving our pre-pandemic goals of education and literacy.
