Dear Customer,

Thank you for contacting us regarding your request for emergency rental assistance.

We understand that experiencing financial hardship and falling behind on rent can be stressful. Based on the current availability of funding we are currently accepting a limited number of referrals for past-due rental assistance. We encourage you to check with us often as funding availability may change.

CAAGKC is currently screening applicants for its upcoming FY27 case-management rental assistance program. Potential eligibility includes being no more than three months behind on rent, residing in Jackson, Platte, or Clay County, having a source of income, not receiving Section 8 or other subsidized housing assistance, and not currently facing eviction.

To inquire about available funding or submit a referral, please contact CAAGKC directly at (816) 358-6868. Staff will contact you to review your circumstances, explain the current requirements, and advise whether funding is available.

Please understand that submitting a referral does not guarantee assistance, as funding is limited and availability may change. We encourage you to contact CAAGKC as soon as possible to discuss your situation.

Sincerely,

CAAGKC
816-358-6868
